

Small things count, whether it's filling in cracks and crannies, tucking vegetables into a compact corner, taking the time to look and listen differently, tending the microscopic fungi and bacteria in your soil, or choosing a non-invasive plant. This year's speakers will show you how these small things add up to create beauty and cultivate joy in your garden.

Here is our line up!

Gardening as a Practice of Belonging – David Tracey

Restoring and Sustaining Soil Health – Jo Tobias

PlantWise - Supporting Responsible Gardening - Megan Blackmore

Foodscaping: How to Grow More Food in Less Space – Erin Berkyto
